Local Gins

BeGin Botanical: Befitting Adam & Eve's original sin, BeGin is a handcrafted gin that takes exotic aromas and flavours from traditional botanicals, blends of much like those found in the Garden of Eden // \$10

INK Colour-Changing Gin: Butterfly pea flowers are sensitive to pH. When the floral-infused Ink Gin is mixed with something of low pH, including gin's best friends; tonic, lime or lemon, the colour changes dramatically from blue to blush pink \$12.5

Larrikin: Highlights of lemon myrtle, hints of spice and warmth from native botanicals and well complemented by the essential ingredients coriander and juniper berries // \$14

Four Pillars: Capturing the essence of contemporary Australia's heritage in Europe and Asia by using citrus fruits alongside spicier notes such as cardamom // \$14

78 Degrees Pink Sunset Gin: Fresh red berries with subtle hints of pine and eucalyptus, further botanical integration adds depth and complexity to give the finish great balance and intensity. // \$14

Four Pillars Bloody Shiraz Gin: With fresh pine forest juniper notes followed by citrus then raspberry and spice, and is shows plenty of that classic Yarra Shiraz white pepper. The palate is beautifully balanced with both sweetness and gin in spades and spice character on the finish. // \$15

Green Ant Gin: Traditionally favoured by Indigenous societies for their medicinal benefits and protein content, native green ants display vibrant coriander and kaffir lime leaf flavours, with a citrus and finger lime. // \$15

Beachtree Distillery Organic Quokka Gin: Located in Caloundra, Beachtree Distillery are locals to the core. Their signature spirit, the Organic Quokka Gin, uses organically grown juniper, bilberries, and mountain pepper berries, giving it a fruity berry front and warm finish. // \$15

ALL LOCAL GINS ARE SERVED WITH EITHER FEVERTREE PREMIUM INDIAN TONIC OR FEVERTREE ELDERBERRY TONIC
